RFP – Request for Proposal

Request for Proposal (RFP) – Routers for Core, Peering, Aggregation, Access, Metro, Datacenter and CPE roles.

Rectification Document

The information related to item **3.01 - Architecture** in version 2 of **RNP - RFP RS - Technical Specifications and Requirements** was published with unvalidated characteristics regarding **buffer functionalities**. This error was corrected in version 3, which has been made available to bidders.

Only the technical requirements document has been updated, with version 3 being the current version (**RNP - RFP RS - Technical Specifications and Requirements - V3**).

The other documents previously provided and indicated as version 2 have been maintained and are still valid.
